| 2. Sri. C.E. Veni Madhavan, Professor, Indian Institute of Science, Bangalore | Member |

The tender for Operation & Maintenance of Uplink Earth Station & SATCOM Studio at ANSSIRD, Mysore was uploaded on e-procurement portal on 18.09.2014 and the last date of submission was 18.10.2014. There are three bidders who have applied.

The committee was informed that three (3) agencies had uploaded tender documents on e-procurement portal, namely,

- 1) M/s. Gumbi Software Pvt. Ltd., Bangalore
- 2) M/s. Microline Electronics Pvt. Ltd., Davanagere
- 3) M/s. Broad cast Engineering consultancy India Pvt. Ltd., Bangalore

The technical details required from the tenderers for the technical bid have been put up in comparative statement annexure-1 and the hard copies submitted by the tenderers have been put up for perusal of the technical committee which is the tender committee for finalizing the technical bid.

The committee after perusing the comparative statement was of the opinion that the bidder at Sl. No. (2) i.e., M/s. Microline Electronics Pvt. Ltd., Davanagere has no similar work experience and hence does not technically qualify for the bid.

The committee recommends that, the remaining (2) two bidders i.e., (1) M/s. Gumbi Software Pvt. Ltd., Bangalore, (2) M/s. Broad cast Engineering consultancy India Pvt. Ltd., Bangalore have qualified the technical bid and their financial bid may be opened. It was decided to submit the proceeding to The Director General for acceptance.

The meeting ended with the vote of thanks form the secretary.

Director

ANSSIRD, Mysore
